

September 6, 2017

Dear Sunset Families,

We are so excited to begin our Annual Giving Campaign this week! YOUR generosity in this year's giving campaign will make Sunset an even more amazing school by directly supporting teachers and academic programs at Sunset. This year, we need donations in excess of \$88,000 to help Principal Lee, Sunset teachers and the Sunset community to continue giving our students a stellar, well-rounded educational experience.

Sunset depends on these funds to pay for our fantastic Outdoor Science, Art, and STEM (Science, Technology Engineering & Math) programs. In addition, it has helped allow Playworks to become a reality this year. Your contributions support science sacks, classroom field trips, and supplemental classroom materials and books. The PTA also funds our community events such as Science Night, Garden Days, Water Week, Movie Night and the School-wide Picnic!

The Sunset PTA currently spends over \$400 per child. For the Annual Giving Campaign this year, ***we are recommending a donation of \$300*** per family (the same as last year) to support our incredible school. For those who can give a little more, ***we are asking for an additional donation of \$100*** per family to ensure continuity of all these amazing programs at Sunset.

As always, choose a donation amount that fits your family's finances and know that every dollar makes a difference. We warmly welcome and need ALL levels of participation and giving. We are excited to offer a variety of online giving options, as well.

To be respectful of fundraising burnout, ***we are only having three major fundraisers*** at Sunset this year! Let's get this year off to a great start and get those funds in to make Sunset the best school we can for our children.

Don't wait. This is your chance to give.
Every dollar donated is 100% tax deductible and directly benefits our school.
There's no limit to what you can give!

Warmly,
Kendra Billings
Justin Holl
Paul Shih
